

# 1st CALL FOR PAPERS

The 1st Biennial International Conference on Acoustics and Vibration (ANV 2020), will be held Online, 23 – 24 November 2020. The Conference is organized by The Vibration and Acoustics Laboratory (VibrasticLab), Engineering Physics Department, Institut Teknologi Sepuluh Nopember, Surabaya, Indonesia. ANV 2020 is the technical conference on acoustics, vibration, and its applications. The theme of the conference is “Sound of Indonesia”  
The aim of the conference is to bring together students, scientists, and engineers who are involved in research and development of technology related to acoustics, vibration, and its application.

The conference scope includes, but not limited to the following area:

- Acoustical Oceanography
- Animal Bio-Acoustics
- Architectural Acoustics
- Biomedical Acoustics
- Education in Acoustics
- Engineering Acoustics
- Industrial Track
- Musical Acoustics
- Noise
- Psychological Acoustics
- Signal Processing in Acoustics
- Speech Communication
- Underwater Acoustics
- Machinery and Vibration Control
- Material for Noise and Vibration Control
- Nonlinear Vibration
- Structural Acoustics and Vibration
- Vibration of Shell and Plate
- Artificial Intelligence
- Big Data

23-24 NOV 2020 (BALI, INDONESIA)

## IMPORTANT DATES

Open Abstract Submission: 13 July 2020

Closed Abstract Submission: 22 September 2020

Notification of Acceptance: 29 September 2020

Early Bird Registration: paid before 5 October 2020

Full Paper Submission: 10 October 2020
